Objective

Motivated GIS Developer and GIS Analyst with hands-on experience in logistics, spatial data analysis, mapping systems, and database management. Skilled in QGIS, ArcGIS, SQL, PostgreSQL/PostGIS, React, JavaScript, and web mapping libraries such as Mapbox, Leaflet.js, and Turf.js. Experienced in developing digital maps, optimizing delivery operations, managing geospatial databases, and integrating GIS solutions with modern web technologies. Seeking an opportunity to contribute to a dynamic team by combining GIS expertise with full-stack development skills.

Education

Helwan University

Bachelor of Arts in Geography – GIS
Grade : B- (GPA 2.7/4.0)
Cairo 2016- 2020

Courses

Google Data Analytics Certificate : Coursera – 9/2023

Python Programming Basics : ITI – 10/2023

Database Fundamentals : ITI – 10/2023

Intro To SQL : Kaggle – 10/2023

CCNA (Cisco Certified Network Associate) 200-301 : Youtube – 9/2024

Front End Developer Diploma React : Route Academy – 8/2025

Back End Developer Diploma .Net : Route Academy – 1/2026

Experiences

Foodica Plus Trading and Distribution

IT Specialist

Creating Systems and Helpdesk – Creating Foodica Website – Implement ITSM For IT Dep (ITOP).

Abo Rawash – Giza || from may 2026 – present (ONSITE)

MAXAB Logistics

COD Officer (Cash On Delivery Officer)

Worked as a Cash on Delivery (COD) Officer at Maxab Logistics, assigned to the Amazon last-mile delivery project, with full responsibility for managing and controlling cash-on-delivery transactions and settlements.

Maadi || from Mar 2025 – Dec 2025 (HYBRID)

MAXAB Logistics

Distribution Sorting Center Team Leader

Developed and optimized a digital mapping system to sort products by location, enabling automated order distribution. Conducted comprehensive analysis of the sorting process to measure performance and identify improvements. Designed area segmentation strategies based on order density to enhance operational efficiency and delivery accuracy.

Maadi || from Jan 2024 – Mar 2025 (REMOTE)

ETQAN For Geoinformatics System

GIS Project Manager - Seasonal

Developed digital utility maps by integrating remote sensing data with field surveys. Built and managed a PostgreSQL/PostGIS geodatabase to collect, store, and analyze GIS datasets supporting municipal planning and infrastructure enhancement. Designed and delivered comprehensive training programs on GeoAI and Web GIS using JavaScript (React) and mapping libraries such as Mapbox, leaflet.js and Turf.js.

Zahraa El Maadi || from Mar 2024 – present

MAXAB Logistics

Geographic Information System Specialist

Allocated and distributed Amazon orders across Giza by geocoding addresses into map coordinates and managing spatial data in QGIS. Developed digital maps for retailers, generated analytical reports, and updated address records in the database to ensure data accuracy and operational efficiency.

Maadi || from Nov 2022 – Dec 2023 (HYBRID)

Foodica Plus

IT Specialist

As an IT Specialist, I am responsible for managing and maintaining the company's IT systems and ensuring secure and efficient access to business resources. My role includes creating and managing user accounts and permissions across various systems, administering and customizing the Odoo ERP platform by configuring user roles and access rights, and implementing system modifications to support operational needs. I also develop and maintain company websites, provide technical support, troubleshoot hardware and software issues, and ensure the smooth operation of IT infrastructure. Additionally, I collaborate with different departments to implement technology solutions, improve business processes, and maintain system security and performance.

Abo Rawash || from June 2026 –Present (ONSITE)

Projects

Personal Portfolio Website

Developed and deployed a responsive personal portfolio using Next.js and modern frontend technologies.

Website: <https://barakat-website.vercel.app/>

Etqan Company website

Built a website for Etqan information Tech Using NextJS , Tailwind , Website Under Construction ,Website Demo : <https://etqan-five.vercel.app/>

Interactive Web Mapping Application

Built interactive map features using React, Mapbox, Leaflet.js, and Turf.js for geospatial visualization and spatial analysis.

GITHUB : <https://github.com/ahmedbarakat98>

Technical Skills

Programming Languages: JavaScript, TypeScript, Python, C#

Web Technologies: HTML, CSS, SQL, React

GIS & Mapping Tools: QGIS, ArcGIS, Mapbox, Leaflet.js, Turf.js, PostgreSQL/PostGIS

Data Analysis Libraries: NumPy, Pandas, GeoPandas, Matplotlib, Seaborn

Tools & Platforms: VS Code, Visual Studio, Cursor, Postman, Excel, Google Sheets, GitHub

ERP Systems: Basic working knowledge of Odoo ERP, including data entry, sales, purchases, invoicing, inventory, and basic reporting.
